

Prerequisites IBM Cloud Services

Date	07 September 2022
Team ID	PNT2022TMID13499
Project Name	Project – IoT based Safety Gadget for Child Safety Monitoring & Notification
Maximum Marks	4 Marks

Safety Gadget for child safety Monitoring & Notification :

The screenshot displays the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and Kishor M's Account. The main content area is titled 'Dashboard' and features a 'For you' section with six cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Explore IBM Cloud Shell' (Try a command-driven approach for creating, developing, and deploying a web project), 'Build cloud-native apps using IBM Cloud Object Storage' (Build integrated apps using compute runtimes and microservices and use IBM Cloud* Object Storage services for data storage), 'Visit the IBM Cloud catalog' (Explore our unique product catalog that contains 190+ services and software for your business solutions), 'Set up your IBM Cloud account' (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), and 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel). Each card includes a 'Getting started' button and a time estimate. Below the 'For you' section, there are four more cards: 'News' (TrustRadius Best Software: Five IBM Offerings to Make the List, Announcing IBM Cloud Pak for Network Automation Version 2.4, No Prerequisites for IBM Cloud Certifications), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (with a world map). The bottom of the image shows a Windows taskbar with various application icons and a system tray displaying the date and time as 04-11-2022, 12:28.
